

## October 1<sup>st</sup>, 2009: Changes in surcharges for calls from payphones to non-geographical numbers in France

Dear customer,

France Telecom has changed the surcharges for calls from payphones to non-geographical numbers in short term. So all number ranges excepting landline numbers (= geographical numbers) are concerned. We have to forward these changes to our customers. Since usually only a small percentage of all callers is calling from payphones according to experience these changes won't have a big impact in practice.

On **October 1st, 2009** the following surcharges for calls from payphones to non-geographical numbers become effective:

- calls to **FreeCall numbers:** **EUR 0,0685**
- calls to **all other non-geographical numbers** **EUR 0,1019**

If further questions appear don't hesitate to contact us.

With best regards,

*Your Telequest Team*
